

SCHILLER India's 25th Anniversary Celebrations

SCHILLER India completed 25 years of its existence in India on October 15, this year. To honour the occasion, the SCHILLER India family came together in spirit to celebrate this accomplishment. While HO and the Puducherry team organised a grand celebration, all the other regions celebrated the occasion in their own special way. The mood across the regions was definitely celebratory and joyous. Dominik Doppler, Vice President, SCHILLER AG joined us from Baar to be a part of the festivities. He paid a visit to the Puducherry facilities and spent a day at the HO, interacting with the employees and also actively participating in the Diwali Pooja that was organised during the day.

The evening saw an amalgamation of cheer and pleasantries as all proceeded to the Taj to be a part of the formal celebration. The founding partners of Schiller India that were present at the event, Pravin Gandhi and Vikram Sanghvi, reminisced about the founding years of SCHILLER India and its journey through the last 25 years. An award ceremony was organised wherein employees who completed 10-25 years of their tenure were facilitated by the management. The party ended with cocktails, dinner, and a lot of bonhomie.

Here are some images of Schiller India celebrating across the country!
